

## **Great Lakes Builders, Inc. Earns Esteemed 2017 Angie's List Super Service Award**

*Award reflects company's consistently high level of customer service*

Elk Grove Village, IL, January 2018 - Great Lakes Builders, Inc. has earned the home services industry's coveted Angie's List Super Service Award for the 11th year in a row, reflecting an exemplary 11 year period of consistent customer service to members of the local services market and consumer review site.

"Great Lakes Builders is pleased to be the recipient of Angie's List Super Service Awards every year for the last 11 years, spanning from 2007 to 2017, for our Structural Repair Services. It's gratifying to see that our commitment to providing superior service to our customers is appreciated and acknowledged by a company such as Angie's List and their members", said Martin Lewandowski, Great Lakes Builders' President and Director of Field Operations.

"Companies that can meet higher demands without missing a beat in their exemplary performance standards truly do stand apart from their peers," said Angie's List Founder Angie Hicks. "Only a fraction of companies on Angie's List in the Chicago Metro area were able to do it."

Angie's List 2017 Super Service Award winners have met strict eligibility requirements, which include an "A" rating in overall grade, recent grade, and review period grade. The SSA winners must also be in good standing with Angie's List, pass a background check and abide by Angie's List operational guidelines.

Service company ratings are updated continually on Angie's List as new, verified consumer reviews are submitted. Companies are graded on an A through F scale in multiple fields ranging from price to professionalism to punctuality.

For over two decades Angie's List has been a trusted name for connecting consumers to top-rated service professionals. Angie's List provides unique tools and support designed to improve the local service experience for both consumers and service professionals.

*Great Lakes Builders, Inc. is a general contractor specializing in structural repairs and renovations to residential and commercial properties and has been operating in the Chicago area since 1949.
